## DRIVERS WIN; STRIKE IS OFF.

Chicago Packers Make Many Concessions and Men Go Back to Work This Morning.

## ALL-NIGHT CONFERENCE.

Mayor Harrison and Member of State Board of Arbitration Joined in Effort to Secure Settlement.

CHICAGO, June 5.—The strike of the teamsters of the packing-houses was brought to a close shortly after 4 o'clock this morning, and at the usual times the strikers returned to their work. The all-night conference at the Grand Pacific Hotel resulted in a partial victory for the strikers, with the packers making many concessions. The conference was participated in by representatives of the packers, the strikers, Mayor Harrison and a member of the State Board of Arbitration.

The conference started at 8 o'clock, and there was a mutual agreement among the members that no adjournment would be taken until the strike was settled.

First, the packers agree that they will not discriminate against the strikers and the members of the union. While not recognizing the union, this is a permission for it to exist.

The scale agreed upon is two cents lower than that demanded by the men. It is as follows: Cart drivers, 18 cents an hour; single wagon, 20 cents; two horse, 22 1/2 cents; four horse, 27 1/2 cents; six horse, 30 cents. The men are to be paid full time from the time of leaving the barn until they return, with a deduction of half an hour for lunch.

The document as drawn up is as follows: "At a conference held at the Grand Pacific Hotel on the night of June 4, 1902, between representatives of the Chicago packers and their packing-house teamsters, held at the suggestion of Carter H. Harrison, Mayor, and the State Board of Arbitration, it was agreed after due deliberation to recommend to the two parties to the controversy now existing between the said teamsters and the said packers: "That a compromise of the said differences be effected by making the following suggestions for a compromise: "1. There shall be no discrimination against union teamsters. "2. The scale of wages for teamsters shall be fair. "3. Any teamster receiving more than the scale of wages shall not suffer a reduction of wages after this agreement goes into effect. "The above and foregoing provisions were agreed upon at said meeting. "The agreement was later ratified by the teamsters without opposition. "Apparently ignorant of the strike settlement, they sympathizing with the teamsters, they later drove a motor-car driver from his seat, beat him severely and then demolished the wagon. "The driver was Robert Allan, employed by Irwin Bros."

### FOOD AND GIRLS.

Study Doesn't Hurt if They Are Fed Right.

Some time ago one of the ladies' papers published a long list of extracts from letters from mothers, speaking of broken down school girls. True, over work and too much confinement is largely responsible, but, on the other hand, if the girl is fed on the right kind of food to rebuild the daily waste she can stand more work and the matter of food is the real foundation of the subject.

A seventeen-year-old girl writes in food helped her. "I am only a school girl seventeen years old, but I am old enough to appreciate what the wonderful brain food Grape-Nuts has done for me. About two years ago my health became very poor and I was unable to study, and finally obliged to leave school."

"I was put on Grape-Nuts, Breakfast Food. In about three months I recovered my strength, my mind became much more clear and acute and I was able to resume school work."

"I continued to use Grape-Nuts until I discovered that I was getting too fat. I gained so much in weight that I had to discontinue it. It is the best food I ever heard of for building up a broken down system."

"I have an aunt who went to India as a missionary, and while there she was ill four times. She had a fever and became a mere skeleton. When she returned here her muscles were as flabby as could be. She was put on Grape-Nuts Breakfast Food and quickly recovered. Her muscles grew hard and firm and she entirely regained her health. She has greatly increased in weight, and never known a sick day now. She is still eating Grape-Nuts and says she would not do without the food for anything."

"I can never say enough in praise of your wonderful food. Name given by Postum Co., Battle Creek, Mich. Ask the cook to show you the recipe book in the package of Grape-Nuts."
